

A Berkshire Hathaway Company

INDIVIDUAL LIFE FACULTATIVE

Underwriting Risk Specialization

Gen Re’s reputation as a specialist in impaired risk underwriting continues today from its start 50+ years ago. Gen Re reviews over 40,000 cases annually and is acknowledged for its balanced approach and long-term business relationships with direct insurance writers.

Premier Research Staff

Our Underwriting, Medical and Decision Analytics staff introduce groundbreaking new underwriting approaches, most recently in the areas of medical, aviation and financial underwriting. The forerunner in assessing elderly risks, Gen Re is a leader among facultative life underwriters.

Solutions

Gen Re provides unique solutions for our Fac-only and Automatic clients through the following:

- > A Gen Re service initiated in 2014 to significantly improve placement of clients’ incomplete and postponed cases saw Gen Re offers on 54% of such cases – helping improve placement rates, profitability, producer retention and producer recruiting
- > Ideas to increase the speed of the underwriting process
- > A unique approach to underwriter audits which can save significant time
- > Metric-driven automated workflow options to reward your best producers and retain a higher percentage of new producers
- > Customized underwriting requirements for producers
- > More competitive inspection report requirements
- > More competitive EKG requirements
- > A more competitive approach to Preferred Family History guidelines
- > Unique Financial Underwriting Requirement bundles
- > Maximizing the return on Pharmacy Database checks
- > Application and Questionnaire design to improve mortality
- > Simplified Underwriting application and requirement design

If your company faces these common industry challenges, contact our research staff so we can tailor solutions for you.
